

For over 2 decades Summit Pipeline Services has been serving the Canadian Pipeline Industry providing meaningful employment opportunities to local tradespeople across the country. We have a strong culture and we expect that all of our employees, stakeholders and subcontractors understand and adhere to our policies, procedures and values at all times.

Our commitment to our clients, employees and the environment in which we work is not only implicit in our values, but what we represent each day. Our owner company, APi Group shares our values and with their resources and support behind us we will continue to live our mission and pursue our vision as we successfully grow our company and our culture.

The following Mission Vision and Values are the cornerstone of our culture:

Our Mission

Summit Pipeline Services ULC provides unprecedented integrity and construction services to the pipeline and utilities industries throughout Canada. We conduct all business with an absolute commitment to safety and quality and execute our work with exceptional attention to client needs.

Our Vision

To be a trusted partner to our clients in providing pipeline integrity and construction services. We will continue to be defined by our experience, ability to provide solutions and our unwavering client focus.

Our Values

Our values define and guide our commitment to our clients, our employees and the environment as we execute our mission.

Client – Our clients can count on us to serve them with exceptional service and attention to detail. Integrity, transparency, and trust are the foundation of our client relationships.

Employees – Our employees can count on us to foster a culture that is safe, respectful, empowering, inclusive and open in communication.

Environment – Our clients, our employees, our communities, and future generations can count on us to operate in an environmentally responsible way that has minimal impact so as to ensure sustainability.

Thank you for working with us to achieve our goals,

Michael Thom, President
